Hi folks
Things have deteriorated in the last hour. Protesters are now uncooperative. At this time many participants have abandoned their vehicles on the street and are congregating on the sidewalks.
Police are concerned about their ability to keep College Ave open in front of the bridge. Traffic is backed up about 5 miles.
Bridge traffic is either halted or barely moving. Police told me all southbound lanes are blocked so the back up is likely on US side. I will confirm.
I have relocated 2 fire units to the Tilston Armories and EMS is staging one ambulance there to ensure we have first response west of the bridge.
No indication that the tunnel is affected.
Steve

I have been advised that all lanes at the bridge are closed and negotiations have halted. Protestors have advised that they are staying put and not moving. They appear to be setting up a camp of sorts. Both lanes to and from the Bridge are at a standstill.
